KKC Announcement – Withdrawal in Specie

Background

As set out in KKC's product disclosure statement dated 19 September 2019 (as amended by the supplementary product disclosure statement dated 9 October 2019) ("**PDS**"), KKC's investment strategy is to invest in KKR-managed credit strategies or funds, including:

- (a) KKR Global Credit Opportunities Master Fund L.P. ("**GCOF**") which is managed by KKR Credit Advisors (US) LLC ("**KKR Credit Advisors**")¹; and
- (b) KKR Lending Partners Europe II (Euro) Unlevered SCSp ("**EDL**").

At the date of this announcement, KKC has invested only in GCOF but has made a commitment to invest €234 million in EDL. KKC's manager, KKR Australia Investment Management Pty Ltd (the "**Manager**"), will deploy up to 50% of the proceeds raised in KKC's initial public offering into EDL over time, with the first EDL capital contribution of approximately €38 million to occur later this month.

Financing facility

As described in section 4.11 of the PDS, KKC has always intended to use a financing facility to manage its liquidity, including to enable KKC to meet its obligation to contribute capital to EDL while awaiting redemptions from GCOF and also to satisfy margin requirements in connection with its use of derivatives for foreign exchange hedging purposes, in addition to other short term working capital requirements.

KKC currently has a financing facility in place to meet its liquidity needs (the "**Current Facility**"). However, after considering various options, the Manager has formed the view that it would be able to procure a more favourable financing facility (including lower interest and commitment fees on behalf of KKC) if KKC could offer security over its share of GCOF's underlying assets, rather than an interest in the GCOF fund.

¹ As set out in the PDS, KKC has gained its exposure to GCOF by investing in a profit participating note ("**Profit Participating Note**") issued by the Global Credit Opportunities Feeder Fund ("**Feeder Fund**").

Restructure

As a result, the Manager (with the endorsement of the **Responsible Entity**, The Trust Company (RE Services) Limited) has sought and obtained from ASX a waiver from Listing Rule 10.1 ("**ASX Waiver**"), to enable it to restructure KKC's investment in GCOF ("**Restructure**").

Following the Restructure, assets with an equivalent market value to the assets attributable to KKC's interest in GCOF (through the Feeder Fund) will, once withdrawn from GCOF, be held by two Cayman-domiciled special purpose vehicles which are wholly owned by the Feeder Fund:

- KKR GCOF Access Fund Funding L.P. ("**Funding L.P.**") will hold transferred loans and bonds; and
- KKR GCOF Access Fund Holding L.P. will hold structured credit assets and certain other assets that do not meet the eligibility criteria under the contemplated new secured financing facility ("**Holding L.P.**"),

(Funding L.P. and Holding L.P. are together known as the "**SPVs**").

A diagram showing KKC's structure following the Restructure is set out in Annexure 1.

In connection with the Restructure, Funding L.P. has entered into a new secured financing facility on more favorable terms than the Current Facility.

Management Agreements

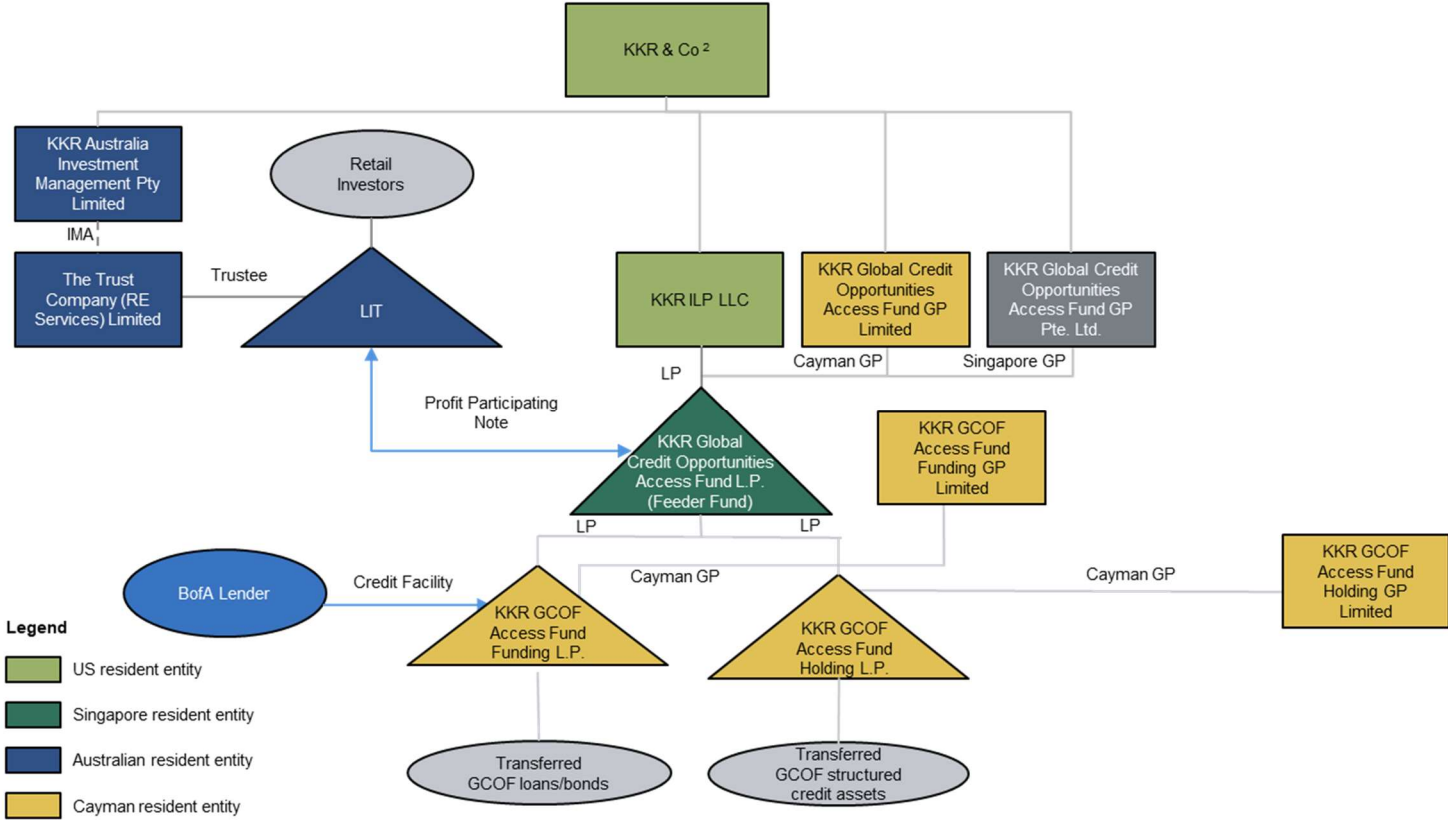

As part of the Restructure, the SPVs will each enter an identical agreement for KKR Credit Advisors (US) LLC ("**KKR Credit Advisors**") to manage the assets held by each SPV (the "**SMAs**"). KKR Credit Advisors currently manages GCOF and the key terms of the SMAs will be equivalent to the key terms of KKC's investment in GCOF (i.e. the same investment strategy and investment restrictions, the same or better liquidity, no fees payable to KKR Credit Advisors). Therefore, the Manager does not expect the risk profile of KKC's investment to change materially.

A summary of the material terms of the SMAs is set out in Annexure 2 to this announcement.

Investment objective

The Responsible Entity confirms that the investment objective and strategy of KKC as set out in the PDS remains unchanged.
